

Julex Virtual Tutoring

a Division of CSC Learning

PROGRAM DESCRIPTION

At Julex Virtual Tutoring, we understand it can be overwhelming when a student needs extra help. We have found a way to bring our digital solutions used in schools for many years and now offer them in the convenience of your home. Our approach allows us to coach, monitor, and motivate learners through a unique virtual tutoring process using research-based academic solutions.

PERSONALIZED

We begin with online adaptive assessments. These tools assist in identifying the learner's needs, setting realistic goals, and creating a personalized learning plan. Once the plan is in place, a Julex virtual coach reviews real-time data to ensure progress and communicates periodically to help foster a personal relationship.

ADAPTIVE

Julex uses sophisticated digital learning tools with built-in artificial intelligence to automatically adapt lessons that meet individual needs. Our methods are based on proven brain-based research with unlimited practice opportunities to achieve mastery. The 24/7 availability allows for flexibility to meet even the busiest family's schedule.

ENGAGING

The Julex state-of-the-art technology incorporates motivational strategies to keep learners engaged. They learn to take ownership of their success while working as a team with the Julex Virtual coach.

OUR APPROACH

Our approach can be summed up in three words: Personalized! Adaptive! Engaging!

THE MISSION OF JULEX VIRTUAL TUTORING is to support parents and educators by implementing personalized, adaptive and engaging academic tutoring services that foster independent and academic excellence.

Reading				
<p>reading plus </p> <p>Skills / Levels Independent Readers: Fluency, Vocabulary, Comprehension</p> <p>Target Population: General Population, Diverse Learners, EL / ESL / RTI, College, Adult Education</p> <p>Ages: 9-Adult • Grades: 3rd-College</p>	<p>SoundReadingSolutions </p> <p>Skills / Levels Foundational Reading: Decoding, Fluency, Comprehension, Phonological Support</p> <p>Target Population Diverse Learners, EL / ESL / RTI, Adult Education</p> <p>Ages: 4-Adult • Grades: PreK-High School</p>
