

# Smart Companies are Choosing Waterlogic Bottleless Solutions

Waterlogic bottleless water dispensers are seamlessly connected to your existing water supply by our certified technicians and deliver fresh tasting chilled and hot water every time you need it. Plus, Waterlogic's caffeinated division, JavaSmart, serves your other break room refreshment needs with coffee, tea, and snacks from brands you know and enjoy.

Start a **NO OBLIGATION, FREE TRIAL** and enjoy what over 100,000 organizations in the U.S enjoy every day.

## Try it for yourself!

Waterlogic and JavaSmart offer **NO OBLIGATION, FREE TRIALS.** Just complete the form on the reverse side and fax it to 1 (844)323-1900

### Cost Savings

With an unlimited supply of purified water, Waterlogic customers save 30-70% by renting a cooler from Waterlogic.

### Convenience

Enjoy an office cooler with no heavy lifting, no bottle storage, no accidental water spills and no more delivery inconvenience.

### Eco-Friendly

As a more environmentally responsible solution, Waterlogic coolers help reduce your carbon footprint by 72%. Plus, our bottleless coolers are also Energy Star certified.

### Purity

With over two decades of perfecting technology, Waterlogic's water filtration systems use Firewall technology to remove impurities and provide 99.9999% pure water, 100% of the time.

### More than Water

In addition to hot and cold water, sparkling water and ice dispensers, Waterlogic also provides office coffee, brewers, and other break room snacks and refreshments from our caffeinated division, JavaSmart.
