

Waterlogic U.S. Team Members Giving Back to Their Communities

We would like to congratulate two of our team members on their recent appointments. Both individuals have donated countless hours of their time to help serve their communities and we would like to recognize them.

Mike Maxwell, Vice President of Sales at Waterlogic West, was voted into office this past election to the Contra Costa County Board of Education. Mike will join 4 other trustees overseeing the curriculum and budget for 16 school districts supporting 172,000 students for the next four years.

Debbie Jackson, National Sales Manager at CoolerSmart Burr Ridge, was elected president of the Willowbrook-Burr Ridge Chamber of Commerce. Debbie will lead their 230 members in community service projects and local business development.

Congratulations Mike and Debbie!
